Canvas on Ice

In Performance

Spring Ice Show Chair **Erika Ono** is excited to announce the details of our Spring Performance Camp, "Canvas on Ice In Performance!" This weekend-long on and off ice seminar will focus on the performance aspects of figure skating and culminate in a Sunday afternoon performance at The Cooler with a solo performance by **Tim Dolensky**. The camp is scheduled for Friday, April 25 through Sunday, April 27.

Jeff Nolt, a former National Pairs and Ice Capades skater who leads two Performance troupes in Maryland, will conduct the camp with eight of his senior performance students who will instruct and lead pre-choreographed numbers. Skaters who meet the solo/feature criteria outlined in the application are invited to submit a videotaped audition number to Jeff by March 30.

The cost to participate is \$100 for club members and \$130 for non-members. Included in the fee are all performance camp instruction and choreography, costume accessorizing for one group number, off-ice practice space and ice rental, one free ticket to the performance, and one skater ticket to the Saturday pizza party and Sunday cast celebration. A camp t-shirt is available for advance purchase. Additional tickets may be purchased during the camp for \$8.00.

All forms are available on the club website at atlantafsc.org. Volunteer opportunities abound throughout the weekend, and a minimum of one hour is required. Up to two additional hours of Performance Camp volunteer time may be applied toward your Atlanta FSC volunteer obligation.

SPOTLIGHT SKATER

Brandon Kozlowski

What motivates you to continue skating?

The thrill of competition and winning.

What is your weekly training regimen?

When I train in Michigan, we train 5 days a week for three hours a day on ice. I also do ballet and off-ice training a couple days a week.

What are your favorite and least favorite elements?

My favorite element is the triple toe, and my least favorite is working on the double Axel. I had my double Axel a couple of years ago, and then lost it. I more or less then gave up on it. When I moved to Atlanta I started working on it again and almost have it. A lot of issues have been with my height. Most tall skaters have trouble jumping and can't stay straight in the air.

Competitive accomplishments

I have been to four Sectional Championships and twice to Junior Nationals as a singles skater and for Pairs.

Favorite program or music?

My favorite music was from my Novice singles program from the soundtrack of "Amelia." I really like the way the music felt. My favorite music for Pairs was "Feeling Good."

Who is your favorite skater?

Yevgeny Plushenko. I love the way he jumps, and I like his personality. He really knows how to grab the audience's attention.

Tell us about your school and extracurricular activities.

I am a college freshman majoring in business.

My hobbies are paint balling and basketball.

Tell us something about yourself that no one knows.

I really like to cook and bake. I can really get into it making layered cakes and great apple pies.

Tell us about your family.

I have an older brother, 21, who goes to college in Wisconsin, and I have a sister, 15. I have three dogs, Tucker, Mo-Jo, and Lu Lu.

What are your future skating and educational goals?

My future skating goals are to compete in Pairs at the national and international level.

My three favorite things are

My skates, iPhone, and TV.

If I weren't a skater, I would have ...

I probably would have stayed in football. I had played for many years before going into skating.

I would like to meet ...

Leonardo DeCaprio. I think he's a great actor, and I love his movies.

Favorite foods: *Jet's pizza and cake*

Least favorite food: *Eggs and nuts*

Favorite movie: *"The Notebook"*

Favorite song: *"I will Survive"*

Favorite TV show: *"How I Met Your Mother"*

Favorite color: *Blue*

Sound I love: *My edges on the ice*

Sound I dislike: *Nails on chalkboard*

I would never want to be: *A house-husband*

If I were stranded on a deserted island, I would have to have: *A flashlight, a volleyball named Wilson, and figure skates.*

Editor's Note: Since we are fortunate to claim so many talented U.S. Figure Skating officials, this column is designed to help you get to know them and how they began judging.

gloria LEWIS

Tell us about your skating career – number of years skating/discipline, where you trained, coaches, competitive accomplishments.

I was introduced to figure skating as a 3rd grader. My first skating experience at the Belvedere Plaza rink was less than a stellar experience as I clung dearly to the side of the boards while I struggled in my rental skates to maintain my balance. I then returned to roller skating at the Roller Drome where my coach, Mr. Baker, taught me various dances and figures on wheels, but I was eventually drawn back to the ice.

My uncle built an ice rink in Gainesville, GA and sent me to the Igloo on Roswell Road for lessons where I first began group lessons, then connected with Canadian Gold Medalist, Joni Graham. Joni was aware of my admiration for Toller Cranston and was always kind enough to share an 8 track tape of his latest programs. I joined the Dogwood Figure Skating Club with Jan Portman as President (wife of Atlanta architect, John Portman) and club pros Julia Adair and Dawn Malone. I did coach at the Gainesville rink for a brief period and even taught one semester of ice skating for Brenau College, but I didn't feel that coaching was my calling.

Once Joni left and the Igloo was closed, I relocated to Iceland in Smyrna as my home rink with an occasional skate at Parkaire. Unfortunately, I was never a great success as a competitor, allowing nerves to get the best of me. One time at Parkaire, the ice was cleared for a program run through, and I began to notice all the people watching me from the mall area above, and I refused to move. Needless to say, this did not go over with my coach.

After years of stepping away from skating and living in south Alabama where there was only one rink in Montgomery, I moved back to Georgia and reconnected. I skated for a while as an adult, determined to beat the nerves I had experienced at a young age. After a successful skate at Chelsea Piers and a first place medal, I decided to call it a competitive day! Not long after that I began pursuing test and competition appointments.

Tell us about your judging appointments.

I am a Gold test and regional competition judge and have recently completed work toward my sectional competition appointment.

Describe your involvement with US Figure Skating and the Atlanta FSC.

I have been a member of the Board of Directors for the past two years and frequently judge test sessions. I have also served as the judge's liaison for the Magnolia and Atlanta Open competitions.

Tell us about your family, hobbies, profession.

My hobby is running. I have participated in 5K, 8K, 10K and the Disney Marathon. While not being a speed demon, it is really quite a sense of relaxation and freedom while you are running. I am married to Don Lewis who is employed by UPS and have two children: Robert, who lives in Tampa, FL and is a computer software engineer for the US government and Amy, who resides in Colorado Springs, CO and is a CPA. I am a graduate of Troy University, the University of Georgia, and I hold an Educational Specialist's degree from North Georgia College and State University.

VOLUNTEER Movers & Shakers

Lori McGarigle

Our Black Belt Special Events Chair

When did you join the Atlanta FSC, and how did you first become involved as a volunteer?

Our family joined the Atlanta FSC in 2012, when my daughter Kaitlyn transferred from another club. I began volunteering to fulfill the required hours. However, I realized through meeting all the wonderful board members and volunteers, adult skaters, parents of skaters, coaches, and so on, that the reason the club is so successful is due to countless hours the volunteers put in selflessly to maintain high standards for our club.

Although we are all busy with work, families, and trying to balance our lives, volunteering for something your child is involved in, either school or sports, is often the glue that holds a community together. Volunteering for the club has allowed me to connect to our skating community and hopefully has helped make the club a better place for our skaters.

Describe your past and current positions as well as any other contributions to the club.

Last year I volunteered to help with the Spring Show and sponsored the costumes for the skaters doing the opening act. I have helped in the past with food donations for club ice events, coaches' hospitality, and competition registration. I am currently the Special Events Chair for the club.

Please describe your accomplishments as a skater or your participation in other sports.

I grew up in Marlborough, Massachusetts but skated only in ponds and local skating rinks for fun. I played soccer and was a sidelines cheerleader from the time I was five through my first year of college. I also trained for many years and countless hours in marital arts to earn a black belt and become an instructor.

Tell us a little about your background, profession, hobbies, and family.

I was raised in the Northeast and lived in Florida for a few years before moving to the Atlanta area in 2002. After a few months of being a stay-at-home mom, I decided that I needed to find something to do from home so I could keep my sanity but also be here for my kids. That's when I decided to embark on the journey of owning my own business. I currently own Auntie Anne's Pretzels stores in the area.

My hobbies include chauffeuring my kids to their activities (mostly back and forth to the rink), over-caffeinating myself, and decorating my pretend beach house on Pinterest. Ok, for real, my hobbies are reading (I love to read), working out (totally inconsistent on this one), and spending quality time with my family.

What three items are on your "bucket list?"

I would like to someday take a trip to Europe, mostly Ireland and Scotland, and spend several weeks there exploring historical sites, visiting towns, talking to the locals and learning about their culture. The second item would be to get a vacation home where we can go with our kids every year, and then our kids can eventually take their kids ... someplace that stays in the family forever and can be passed down from generation to generation. The last thing on my bucket list and probably the most important thing to me is to watch my kids grow up and be happy.
